be savoured at a slow pace. There are many different ways to enjoy the Po Delta Park! It is up to you to choose whether you want to enjoy the area in a really slow way by taking suggestive walks in contact with the extraordinary biodiversity in the local area, or if you want to get on your bike and take advantage of a formidable network of cycling routes that meander through the city and the countryside, through protected oases and villages on the plains. Or whether to take advantage of the comfort of motorboats to admire some of the most beautiful areas of the Park from a truly unusual perspective, perhaps landing in some areas that would not be accessible in any other way, or, why not combine the two options through an inter-modal excursion alternating bicycle and motorboat to enjoy the area in the most original way possible.

The website has been developed in synergy with Destinazione Romagna and the local tour operators in the Po Delta area, thanks to the LAG-directed project dated 19.2.02.14B DESTINAZIONE TURISTICA DELTA DEL PO (PO DELTA PARK TOURIST DESTINATION) funded through the Emilia-Romagna Region 2014-2020 Rural Development Programme - Measure 19 - Support to Local Leader Development.
